

NEIGHBORHOOD SURVEY

10

Your neighborhood has been going through some changes in recent years. This brief survey is intended to capture what you think about these changes and how well you think the old-timers and newcomers fit in and get along.

This survey is being sponsored by your neighborhood association: the North Central Neighborhood Association. It was created with the assistance of graduate students from Saint Louis University. Their instructor is Dr. Daniel Monti (daniel.monti@slu.edu) would welcome any questions you might have about the survey and how the information collected from it and face-to-face interviews with some members of the community will be used by your neighborhood association and in his class. His office phone number is 314-977-3923.

Please keep three things in mind as you fill out the survey. First, we will not be sharing your answers with anyone outside the research team. Second, if you are uncomfortable answering a particular question, don't answer it. Third, we have zero interest in embarrassing anyone or putting the neighborhood in a bad light. We're just trying to help you and your fellow residents figure out where you want the neighborhood to be going in the future.

With your permission, we may contact you in order to have a longer conversation about your answers to this survey. We will give you an opportunity at the end of the survey to declare whether you would be willing to meet with a member of the research team. Otherwise, thanks for filling out this survey and turning it in to Mrs. Judith Arnold (314-305-1661) or Dr. Monti, both of whom are attending this neighborhood gathering.

1. Name up to three changes you've noticed to the neighborhood and local community:

- More reconciliation along "The Divide"

- Great start on the Huberman Trade Project

- Less City Enforcement of Housing Code Issues & Policing

2. Are you generally pleased with the kinds of changes you see taking place in the neighborhood? Please circle your answers.

YES

NO

3. Do you wish more people would move into the neighborhood?

YES

NO

I DON'T CARE
